ABOUT ARBITRAGEPAY PLATFORM

ARBITRAGEPAY platform was developed by a blockchain software development team using smart contracts and offers an opportunity to you in a completely decentralized manner. **ARBITRAGEPAY** tech team is aware of the potential mistakes and situations in traditional MLM companies. A centralized structure is always insecure, your money is in danger of being stolen or left in other people's hands, facing a lack of transparency, variable management decisions and risk of delayed payouts

SAFETY MEASURES & AUDIT REPORT

We have a third party company audit report that is public for everyone to view. For full transparency, the coding of the Smart Contract can be found on the homepage. The audit report too is on the home page.

ADVANTAGES OF THE ARBITRAGEPAY PLATFORM?

Completely Decentralized – ARBITRAGEPAY is not managed by anyone, including its own software team. It is developed as a fully autonomous system. No person has access to funds. Your funds are secured between you and the smart contract.

Transparency - You can transparently view all transactions in detail that have been made via the smart contract since its creation.

Instant Transactions - Nobody needs to process your deposits or withdrawal requests. Transactions are approved within seconds on the BINANCE smart chain and all your transactions reflect instantly in your trust or metamask wallet.

Immutability – ARBITRAGEPAY cannot be affected by any decision changes from the day it was born. Once defined, it is like a law that cannot be bent or changed in any way.

Marketing Plan – ARBITRAGEPAY rewards plan is designed for unparalleled sustainability whilst meeting the expectations of both the passive participants and leaders who are building teams. Investors are able to enjoy up to 200% returns while leaders have a capping of 300%

High Security - Smart contracts are part of Blockchain technology. Blockchain is a secure technology that no hacker can access. For this reason, your deposits are secured.
